

CO₂ Feeder

The AquatiControl Technology CO₂ feeder incorporates a time proven design and a state-of-the-art valve to provide reliable and quality CO₂ feeder at a competitive price. Available in both 0-30 and 20-200 SCFH models these feeders are perfect for any body of water using CO₂ for pH control. The feeder can be coupled with an AquatiControl Technology COS - pH control crossover switch for the ability to easily and quickly switch between CO₂ and acid feed systems.

WARRANTY

AquatiControl Technology (ACT) warrants equipment of its manufacture and bearing its identification to be free of defects in workmanship and material. ACT's liability under this warranty extends for a period of one year from date of delivery from our factory or authorized distributor. It is limited to repairing or replacing any device or part which is returned, transportation prepaid, to the factory within one year of delivery to the original purchaser, and which is proven defective upon examination.

WARRANTY (cont.)

ACT disclaims all liability for damage during transportation, for consequential damage of any nature, for damage due to handling, installation or improper operation, and for determining suitability for the use intended by the purchaser.

ACT makes no warranties, either expressed or implied, other than those stated above. No representative has authority to change or modify this warranty in any respect.
