

Easy Stack Bench

These all-weather, portable and ruggedly durable fiberglass benches are the perfect team seating solution. EasyRec athletic benches can handle any environmental conditions from the pool, field, gym or locker room. Light-weight and stackable construction makes these high capacity benches ideal for quick set-up and compact storage. Manufactured as a single-piece they provide strong, stable seating with a weight capacity of 700lbs. The Indoor/Outdoor marine-grade PloyCor® isophthalic exterior gelcoat is corrosion, moisture, UV and scratch resistant. Choose from a breadth of colors and customize the benches with your team logo or personal graphics. Easy to handle, convenient to store and no assembly required.

ADA Easy Stair

A proven economical solution for all pools requiring a primary or secondary means of ADA access; serving a wide range of specific needs including those with limited mobility, the elderly, moms-to-be, pre-teens and first-time recreation swimmers. This durable marine-grade fiberglass stair system is lightweight, compact and with the included dolly is easily portable. The ADA Easy Stair requires no anchoring to the pool deck or any pool modification—ensuring that lap-swim, competitive swimming or the like are never compromised by quick and easy removal. Each pool stair is custom fabricated and manufactured to your pool profile with just a few simple measurements. Our solid construction includes entrapment skirts with protective wear strips for increased durability; white non-conductive polymer coated steel handrails, and non-skid ADA compliant gel-coated steps for secure footing. The approach platform is designed based on deck edge and gutter profiles, to fit both corner and standard placement. The Easy Recreation ADA Easy Stair revolutionizes "accessibility" for pool environments.
