CCH® AUTO FEED CHLORINATION SYSTEM

Designed for exclusive use with CCH® Calcium Hypochlorite Tablets with scale control

Attributes

- ▶ Efficient & dependable operation
- ▶ Low Maintenance
- ▶ Adjustable feed rate
- ▶ Capable of high chlorination rates

Benefits

- ▶ Patented adjustable spike technology provides ideal tablet utilization
- ▶ Employs unique "Wave Process" for optimal chlorination
- ▶ Creates and maintains balanced, cleaner, clearer water with dramatically reduced chloramine odors
- ▶ Rugged, simple design for pools & spas 500 – 50,000 gallons
- ▶ Easy to operate (optional 1-1/2" venturi available for below grade filtration or ORP)

NSF® Certified

The National Sanitation Foundation audits each manufacturing facility to ensure that products meet the requirements of NSF®/ANSI Standard 50 – a program including product testing, certification and manufacturing facility audits. Compliance with Standard 50 is necessary to ensure safe pool and spa water.

Designed for Exclusive Use with CCH® Calcium Hypochlorite Tablets

CCH® Tablets with scale control containing no cyanuric acid eliminate the possibility of overstabilization.

CCH® AUTO FEED SYSTEM

COMMERCIAL POOL & SPA WATER SANITIZATION SYSTEM

The principal benefit of using the CCH® Auto Feed System for pool and spa water sanitization is easy to see...a remarkable difference in pool water clarity, color and sparkle. Using the CCH® Auto Feed System eliminates the hazards of chlorine gas and liquid bleach, protects bathers, plaster and equipment and reduces chloramine odors dramatically. This system chlorinates, removes organics and metals, boosts hardness and shock treats...all in one simple process. With balanced pool water, the CCH® Auto Feed System will give you cleaner, clearer water, less hassle and longer pool and equipment life.

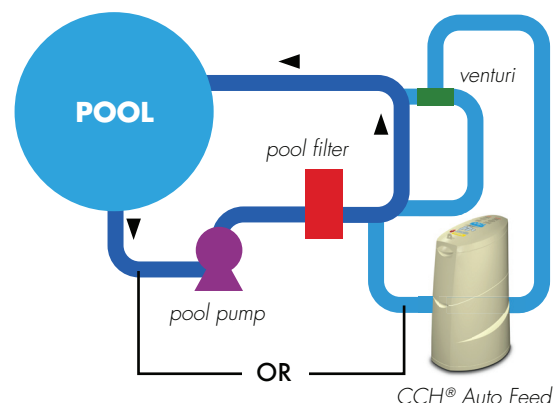

CCH® Auto Feed

- ▶ Optimal chlorination
- ▶ Complete system for use with CCH® Tablets includes:
 - CCH® Auto Feed
 - Connections for standard installation
 - 1-1/2" venturi (optional)

Simple, Rugged and Easy to Use

The NSF® certified CCH® Auto Feed provides consistent, dependable pool water chlorination and is capable of very high chlorination rates.

The CCH® Auto Feed can be used with a timer or any ORP-based pool automation unit. The easy to maintain CCH® Auto Feed features a unique wave concept that is designed specifically for use on commercial pools and spas from 500 to 50,000 gallons.
