

LADDERS & RAILS

FINISH WITH DURABILITY & STYLE

A variety of finish options are available which provide a higher level of protection to our marine grade stainless steel rails and ladders. Coatings are available in a variety of colors.

Polished stainless steel - 304 is standard, or marine grade (316L) is an option for a higher level of protection in extreme environments.

STAINLESS STEEL

Powder Coating - a durable finish that is easy to maintain, corrosion and scratch resistant, and is available in a wide variety of colors.

SealedSteel® Salt Friendly** - a protective vinyl coating that completely encapsulates the steel, and performs well in salt pool and other harsh environments (not available with Artisan or Meridian Series).

Due to printing technology, actual colors may vary.

*Custom Order Colors
**SealedSteel cannot be used in spas and pools where the water temperature exceeds 100 degrees F.

MODERN RAIL SERIES

The modern rail series are designer inspired rail lines that provide an elegant custom look for any pool environment. They are the ideal choice for pool renovation projects and new construction.

- 1.90" OD tubing
- .065" wall thickness
- 304 or 316L stainless steel
- Ladder features stainless steel treads
- Contact S.R.Smith for powder coating option

MODERN RAIL MODEL	EASILY REPLACES
Hand Rail	Figure 4
Ladder	24" 3-Step Ladder
Stair Rail	5' 2-Bend or 5' 3-Bend Stair Rails
Deck-Mounted Stair Rail	DMS-100, 101, 102 & 103
Deck-Mounted Hand Rail*	Deck-Mounted Rail 50-902

*Not available in Meridian Series

ADA COMPLIANT RAILS

S.R.Smith's rail line has been expanded to include ADA compliant transfer rails and hand rails. Designed to meet the specifications issued as part of the update to the ADA law, our ADA rails help meet government specifications, and provide pool users an easy transition into the pool.

Stair Rails

- Height: 34"
- Diameter: 1.90" OD
- Extends at least 12" beyond the top and bottom of the stair landing.

Transfer Rails

- Height: 5.75"
- Length: 12", 14", 16" or 18"
- Meets ADA structural strength requirements.

We Make Quoting And Specifying Easy

Engineering specifications and AutoCAD drawings are easy to add to facility designs and bid proposals. Configure your own custom rails with the S.R.Smith Rail Configurator. This handy tool generates a basic specification document that can be given to your channel partner for a quote.

LADDERS & RAILS

UNIQUE DESIGN ELEMENTS THAT MAKE A POOL SPECIAL

When you choose S.R.Smith, you are choosing ladders and rails that can turn an ordinary pool into the extraordinary. From standard to custom, in a wide range of finishes, our rails can add both form and function to any pool.

CUSTOM RAILS—ANY SIZE OR SHAPE

Whether it's a minor variation to one of our standard rail configurations, or something from your own imagination, look to S.R.Smith to help make your vision a reality. While it's true that ladders and rails should be hardworking and functional, they also have the power to help make your pool an architectural masterpiece. What's more, S.R.Smith keeps your project on track with the fastest turnaround time in the industry.

We offer a variety of options so every rail will be built to your exact specifications.

TUBING OPTIONS

WALL THICKNESS	304 STAINLESS STEEL	316L STAINLESS STEEL
.049"	1.625 & 1.90" OD	1.90" OD
.065"	1.50 & 1.90" OD	1.50 & 1.90" OD
.109"	1.90" OD	1.90" OD
.120"	1.50" OD	1.50" OD
.145"	1.90" OD	

RAILS AND LADDERS

Our ladders and rails are available with a variety of options:*

- Tubing sizes: 1.50", 1.625" or 1.90" OD
- Wall thicknesses: .049", .065", .109", .120", .145"
- Stainless Steel: 304 or 316L
- Coatings: SealedSteel Salt Friendly or Powder Coating

*Not all options are available on all ladders and rails. Please visit our website for more information.
